SUGAR coupons S26 to S38 now valid; S39 and S40 valid January 16.  
Rate of 5¢ may be obtained. All coupons must have expiry date.

## Civic Centre For Coleman Will Be Question To Be Discussed At February Meeting By Citizens

Necessity for Skating Arena, Gymnasium and Library Becomes More Pressing Each Year.

Within the next few weeks Coleman citizens are going to be asked the question "are you in favor of contributing financially to the construction and maintenance of a Civic Centre for Coleman wherein the activities of the town might be fostered and centered?"

It is an all important question and one that requires intelligent thought. The skating arena has been condemned. Its physical condition is such that it may collapse at any time, in fact heavy supports are placed alongside it today and have been there for many years. The arena during the winter months is a hive of activity which cannot be denied by anyone. Scores of little youngsters brave bad weather to go to the arena to skate and learn to play hockey. By means of the arena our intermediate team is able to enter league play with outside teams and give Coleman invaluable publicity as a sports minded town. Lack of an arena will result in surplus energy being spent on the streets, in cafes and elsewhere. No right minded citizen wants to deprive the youth of the town their winter facilities which are incorporated in an arena.

To replace the present arena it is proposed to incorporate a new arena in the Civic Centre. In addition there will be better seating accommodation and more comfortable surroundings. A gymnasium capable of accommodating basketball, badminton, table tennis, etc., and doubling for an auditorium where drama plays might be enacted is also provided in the proposed civic centre plans. A gymnasium is a much needed asset in the community.

Then there is the library which students and civic leaders have been asking for many years to be started in town. Books of every description along with leading papers and magazines would be at the disposal of all citizens who wished to avail themselves of the library's facilities.

The above are only three of the units proposed to be incorporated in the Civic Centre. When the public meeting is held and all are given the right of placing suggestions before the meeting or asking questions other suggestions may be accepted.

The building as proposed today will cost in the neighborhood of \$50,000. The temporary committee has drafted a schedule on how finances could be raised over a period of from three to four years to finance and maintain the building. These figures will be placed before the meeting.

Due to the importance placed on the Civic Centre project, by leaders in the community it is important that citizens generally turn out to this meeting. From it the green light may be given to go ahead with the project. You should be at the meeting to voice support or objection to the project.

### A CIVIC CENTRE FOR COLEMAN?

This is a question that has been presented for the consideration of the citizens of the Coleman district on several occasions during the past year or more. The time is now at hand when we must make our decision—what is it to be?

A public meeting will be held during the early part of February for the purpose of determining public feeling in the matter. As citizens of the district it is your duty to be at that meeting and express your point of view whether in favor of the project or against it.

Watch for the date of the meeting and make it a point to be there.

Temporary Committee for Civic Centre.

Two cars of ladies from Victoria Rebekah Lodge motored to Blairmore last Thursday where they witnessed the installation ceremonies of the Blairmore Rebekah lodge. Following business an enjoyable social evening was enjoyed.

## ARBITRATOR

H. J. McKim Ross

who has been appointed by Coleman teachers as their representative on the arbitration board set up to study and rule on the wage dispute at present prevailing between local teachers and the school board.

Mr. Ross was in the Canadian Navy during the war and rose from Ordinary seaman to naval lieutenant. Of interest to Blairmore citizens is the fact that while with the 31st Mine Sweeping Flotilla in the English Channel the HMCS Blairmore generally swept alongside Mr. Ross' ship. He states "The Blairmore" had an unusual record and many a social evening he spent on board her.

The official government appointment of Mr. Ross for the teachers and Mr. Wm. Chappell for the Board have not come through to date and as a result no chairman has been officially appointed.

## Alex. Cox New President Canadian Legion

Canadian Legion Elects Officers For 1947; World War II Veterans Take Over.

Interest in local legion affairs marked a new high, when fifty members were present at the annual meeting on January 15th, to elect officers.

Interest in the balloting was most keen and the results as announced by retiring President James Lowe were enthusiastically received, indicating that it seemed to be the desire of the majority that younger veterans be given an opportunity to guide the affairs of the local branch in 1947.

Alex. Cox was the choice for president and Dan Daly for vice-president.

The executive committee is made up of 12 members; nine being elected and three being appointed by the incoming executive. The 1947 committee comprises the following: L. Caroe, Bug Clark, J. Drew, J. Gray, F. Hirst, Jasper Jones, Lewis Jones, F. Lloyd, J. Lloyd, R. McPherson, W. Purvis and T. Sudworth.

W. Purvis will be secretary-manager.

### SAM MOORES IS WATCHING CURLING RESULTS

The Journal is in receipt of a renewal subscription from Sam Moores, of Victoria.

Sam is evidently watching closely the curling results of his old clubmates for he remarks that he is really sorry he can't be present to help them knock a few off the button.

## J. A. McBRIDE TAKES OVER COSMOPOLITAN HOTEL

A business deal was transacted last week when for the second time in the past four months the Cosmopolitan hotel at Blairmore changed hands.

Mr. W. J. Treanor, who took over the hotel in October, has sold his interest to J. A. McBride, who hails from Lloydminster, Sask.

## Wm. H. Jenkins Died At Ripe Age Of 100 Years

Helped Lay Steel in Saskatchewan and Southern Alberta; Had Been Cattle Rancher Here Since Early in Century.

Coleman's centenarian, William H. Jenkins, passed away quietly at his ranch home on the outskirts of Coleman, at 5 p.m. Wednesday afternoon. The funeral was held on Saturday afternoon, interment being made in Coleman Union cemetery.

Deceased had walked to town an hour and a half prior to his death and had conversed with his son William before returning home. On his walk to and from town he had braved a wind which at times reached gale force. Upon reaching home he had taken off his coat, laid back the bed covers and it is believed that at that moment he was struck with a heart attack.

John Morrison jr., a frequent caller at the home, arrived at the house shortly after and found the old gentleman slumped beside the bed. Following quick examination of the body he sought the advice of his parents and then came to town where he informed the deceased's son, William, of his father's death. The latter returned quickly home, examined his father for signs of life and then notified the doctor.

Deceased's age had been determined by the federal government many years ago when Mr. Jenkins sought the Old Age pension. Enquiry was made to London and it was found to be Dec. 17, 1846.

Born at Ilanngorse, Breckonshire County, South Wales, he grew up into young manhood and married in his native land. He came to Scranton, Penn. later returning to Wales. He then came to Canada, first to Acton West, in Ontario, then Strathford where he worked with the Grand Trunk Railway. He came west in 1900 with a railroad company, laying steel in the Yorkton Sask., area. Coming to Lethbridge he helped lay steel to Cardston and into the State of Montana.

In 1902 he came to the Pass, working at the old Sunbury mine and later at Lillo. On or about 1906 he came to Coleman purchasing a ranch on the outskirts of town where he raised cattle for many years and where he resided up to the moment of death.

Surviving are two sons, William and John, and two daughters, Mrs. Wm. Ashurst, of Fontana, California, and Mrs. Charles McKenzie, of Vancouver.

It had been the deceased's request that no flowers be received at his funeral and this request was acceded to by his son.

### CARD OF THANKS

We desire to thank our friends for their kindness, words and cards of sympathy in our late bereavement.  
THE JENKINS FAMILY.

## Coleman Sports Association Sponsoring Ice Frolic At Arena On Saturday;

Kiddies to Get Free Refreshments; Program Designed to Suit Both Adults and Children.

Coleman Sports Association's first ice frolic will be staged at the arena on Saturday next at 6:30 prompt. All children of Association members will be entitled to free pop, fruit and hot dogs. There is no admission charge to anyone, adult or child.

Various children's races are scheduled and will be determined by age groups. Prizes will be given to the first, second and third in each race.

A fancy costume parade will be held on the ice led by Coleman Pipe Band. Prizes will be awarded to the best dressed boys and girls. Should ice conditions be good it is expected that the fancy skaters from the Bellevue Fancy Skating Club will be one of the highlights of the frolic. Bill Harvey of Bellevue has assured the Frolic committee of a good exhibition.

In addition there will be novelty races, such as a pie eating contest, a hot dog contest, etc., which should add greatly to the frolic's comedy. A broomball game is scheduled and will be quite interesting.

The program is arranged to last two and a half hours so that the children will be able to get home at a reasonable hour. The frolic is to award the children for the loss of their July 1 sports day last year and is not to be considered as an annual event.

## Reach Eights In Pass Bonspiel; Many Good Games

A Number of Thirteen Enders As Competition Becomes Keener; Should Reach Semis Next Sunday.

Competition became keener as the crack rinks started to meet each other as the draw in both the Bill Cole and Studabaker events started to narrow down. A number of thirteen enders were witnessed as players came down to the wire almost neck and neck to draw even on the twelfth end.

Continued cold weather kept the ice in perfect condition and there was no difficulty in "getting 'em up", actually the reverse was true, trying to hold them back. Both local and Blairmore skaters were in play and will again be in play next week.

Following are Sunday's results:

### BILL COLE TROPHY:

32's Antle beat Morgan; Ritchie beat Beal; Krzywy beat Claes; Bruning beat Hoggan; Gillespie beat W. Kerr; McKay beat Meier; Forgy beat J. Jenkins; Nunn beat

Fisher; Dow beat Dutil; Duncan beat Ostrensky; Excoff beat Holstead; Emmerson beat Victor; Q. Jenkins beat Bouton; Raymaekers beat Bonne; Dancy beat Olds.

16's: Bruning beat Krzywy; Antle beat Ritchie.

### STUDEBAKER:

32's: Dow beat Brown; Victor beat Rypien; Bruning beat Morgan; J. Jenkins beat Amato; Nunn beat Olds; Excoff beat Hoggan; G. Jenkins beat Bonne; Roughhead beat Ladieu; Holstead beat Price; Oliver beat Koinberg; Beal beat Coupland; Ford beat W. Kerr; Meier beat J. Kerr; McKay beat Ostrensky; Rinaldi beat Gillespie.

16's: G. Jenkins beat Ford; Duncan beat Dow; Holstead beat Oliver.

A number of rinks remain undefeated but undoubtedly some will drink the dregs of defeat come next Sunday.

... V ...

Mrs. R. Fairfull, of Calgary and formerly of Coleman, has returned to her Calgary home following a vacation with her daughter in Vancouver. Among those visited were the Irvines, Dicksons, Walkers, Miss Elizabeth Beveridge.

## Dog Licenses!

## Take Notice!

OWNERS OF DOGS should purchase licenses for 1947 forthwith. Tags are now available at the Police Office, Coleman.

The fee for dogs is as follows:

Dogs.....\$2.00 Female.....\$ 4.00  
Police Dogs.....\$5.00 Female.....\$10.00

Dogs not wearing tags after March 31st, 1947, will be impounded and if not claimed, will be destroyed without further notice.

Coleman Town Council  
WM. ANTLE, Chief Constable.

## Notice of Annual Meeting

Public Notice is hereby given that a meeting of the electors of the Town of Coleman and the Coleman School District No. 1216, will be held in the Town Hall on Friday, the 31st day of January, 1947, at eight o'clock p.m., for the purpose of receiving the report of the Mayor, Secretary-Treasurer, Auditor and Chairmen of the various committees of the Council. Also reports of School Chairman and committees' chairmen.

Dated at Coleman, Alberta, this 23rd day of January, 1947.

G. LEES,  
Secretary-Treasurer.

Showing at  
Palace Theatre, Coleman  
SATURDAY and MONDAY  
January 25 and 27  
Cole's Theatre, Bellevue

# Merose ORANGE PEKOE TEA

— the essence of "good taste".

## Canadian Citizenship

WITH THE COMING OF THE NEW YEAR Canadians have acquired for the first time the legal status of Canadian citizenship. The Canadian Citizenship Act, which came into force on the first of January now gives the people of this country the right to describe themselves on passports and other legal documents as Canadians. British citizenship, which all Canadian citizens have held in the past, and will continue to hold under the new regulations, is a privilege which few people would underestimate, but at the same time there is no doubt but that most Canadians find satisfaction in at last being able to claim legal citizenship in the country which is theirs either by birth or by adoption.

### Act Of Faith In The Future

The new Citizenship Act has been called "an act of faith in Canada and in Canada's future." Certainly, it is timely for Canadians to give thought now to the meaning of their citizenship and to the privileges and responsibilities which go with it. During the war, the great potentialities of Canada's resources, both human and material, were at last fully realized and her status as a nation increased enormously. A high degree of unity was achieved, both in the armed forces and at home, as people from all parts of the country learned to work together in a great common purpose. Like most countries, Canada is now seeking to set a course, politically and economically, in the post-war world, and amid the problems and uncertainties of the times there is need, indeed, for the continuation of the national consciousness born during the war, and for the people to continue to work together as Canadians in building for the future.

### Contribute To National Life

One highly commendable feature of the new Citizenship Act is that now new Canadians who have qualified for citizenship take part in ceremonies which impress upon them the meaning of their new status. There are perhaps none who will welcome this change as much as the new citizens themselves. Most of them come here looking upon Canada as a place where there will be freedom and opportunity which they did not have in their native lands, and formal recognition of their qualification for full citizenship will mean much to them. We may be proud indeed of the people of many races who claim Canadian citizenship and contribute so richly to all phases of our national life. The new Citizenship Act has marked a milestone in Canada's development as a nation, and much of her future depends upon the manner in which all Canadians guard the privileges and fulfill the duties of citizenship.

## KIDDIES COLDS yield quickly to a brisk rub with BUCKLEY'S WHITE RUB'S

### Thousands Immunized In Quebec City Drive

QUEBEC CITY, Que.—More than 6,000 children were started on the way to complete immunization against diphtheria and whooping cough in the last few weeks as a result of an intensive drive launched by the local branch of the Health League of Canada in co-operation with provincial and city health officials.

It is the hope of the sponsors of the scheme that more than 25,000 city and district children will have been immunized against the menace of these two diseases by next spring.

Clinics have been set up in the city's 28 parishes. Municipal authorities are supplying the necessary toxoid and vaccine and hundreds of volunteers—doctors, nurses and others—are participating.

This drive to supply free immunization to the children of this district was well publicized in advance, and on the first day some clinics were swamped as mothers, baby carriages and children swarmed around them. One observer said the scene at one clinic reminded her of a Christmas baby parade.

Molasses is shipped by tanker, and is heated a day or two before the ship reaches port to facilitate its discharge.

## AUTOMOBILES STILL PRICE CONTROLLED

The Prices Board gave a break, for what it was worth, to the Canadians who still dream of getting a new car.

Motor vehicles, including cars, motorcycles, trucks and trailers, remained within the grip of price controls in the latest Government decree of de-control. Thus they remained within legal maximum price limits although new car prices were recently allowed to rise 10 per cent.

Bound to the ceiling, too, were pneumatic tires and tubes, storage batteries and bicycles and their parts, as well as motor vehicle parts and accessories.

## FUNNY and OTHERWISE

"Miss Flurry, I wish you would not write personal correspondence during office hours. Letters can get mixed in a most annoying way."

"Why, what's happened, Mr. Storm?"

"Here's a complaint in today's mail from the Wheeler Company. They say they ordered a shipment of axle grease and then got a letter from us saying that we were sending them loads of love."

Although it was getting late, the lovers still lingered in the shadowy hall of her ancestral mansion. It was obvious she was pleading with him about something, but in vain.

"It's no use, darling," he said in a broken voice; "I simply can't face your father to ask him for your hand."

"You needn't be frightened of facing him, dear," replied the girl coaxingly; "the great danger is when you turn your back."

Customer—A dozen eggs, please. Grocer—We have first grade eggs, second grade eggs, third grade—

Customer—Don't bother any further. Just let me have some that have graduated!

"Is that young man courting you, Ethel?" asked her aunt. "Not exactly; but he's approaching step by step."

"How do you mean?"

"Well, the first time he called he spent the evening with my autograph album on his knee."

"Yes, but—"

"The second time he nursed my dog. Last night he took my little brother on his lap. So you see, it's gradually working around to my turn."

First Business Man—"Since I bought a car I don't have to walk to the bank to make deposits any more."

Second Business man—"You drive there eh?"

First Business man—"No, I don't make any."

A young widow put up a costly monument to her late husband, and had inscribed upon it: "My grief is so great that I cannot bear it."

A year or so later she married again and changed the inscription to read: "My grief is so great that I cannot bear it alone."

## "UNCLE SUGAR'S GIFTS BAFFLE" TRAM DRIVER

Puzzled by windfall, Arthur Dunn, Denver street car operator, looks at latest \$50 entry in his bank book. The U.S. government deposited \$450 to his account since last June, and he can't find out why.

## WORKERS WILL HAVE TO STAY ON JOB

Canada can get caught up on production in 1947 if workers stay on the job, Labor Minister Mitchell said in his return from a month-long trip to the West Indies and South America.

"Our problem is one of continued production at a price that will permit mass production," he said, "if we stay on the job and keep turning out the things Canada needs, we need have no fears for the future."

Tanned and fit after his first holiday since 1941, Mr. Mitchell said he returned with the conclusion "that Canada is the best country in the world to live in."

The firefly is not a fly but a beetle.

## SUBMARINES TO HELP COAL SHORTAGE

LONDON.—The Admiralty called out its submarines to generate power and light for royal dockyards, saving the dockyards' coal for industry in Britain's fuel crisis.

An admiralty spokesman said 30 more submarines would be assigned and each could generate about 1,000 kilowatts a day. They burn oil. A weekly saving of 2,000 tons of coal was envisaged.

Several factories have closed and others are threatened because of the fuel shortage.

During the war, submarines were used to feed the Italian generating station at Naples after the Germans were driven out of the city.

Several miles of cable will be necessary to link up the submarines with the dockyards.

## GEMS OF THOUGHT

### UNITY

Men's hearts ought not to be set against one another, but set with one another, and all against evil only. — Carlyle

The multitude which does not reduce itself to unity is confusion; the unity which does not depend upon the multitude, is tyranny.—Pascal.

Individuals, as nations, unite harmoniously on the basis of justice, and this is accomplished when self is lost in Love—or God's own plan of salvation.—Mary Baker Eddy.

Jesus throws down the dividing prejudices of nationality, and teaches universal love, without distinction of race, merit, or rank.—Geltke.

Whoever in prayer can say, "Our Father," acknowledges and should feel the brotherhood of the whole race of mankind.—Tryon Edwards.

## ACTS 2 WAYS TO RELIEVE MISERIES OF BRONCHITIS

Now get real relief from coughs, soreness and irritation of bronchitis—this double-action way that actually

STIMULATES chest and back surfaces like a warming poultice. To get all the benefits of this combined PENETRATING-STIMULATING action, just rub throat, chest, and back with Vicks VapoRub at bedtime. Instantly VapoRub goes to work—2 ways at once as shown above—to ease bronchitis coughing, loosen congestion, relieve muscular aches, and speed restful, comforting sleep. Often by morning most of the misery is gone. Get relief from bronchitis distress tonight with double-action, time-tested Vicks VapoRub... Try it!

VICKS VapoRub

## SHIPS DRAG AREA NEAR SABLE ISLAND

Collier's Magazine says the world's greatest menace to navigation has long been Sable Island, which lies 85 miles east of Nova Scotia. By slowly sinking since its discovery in 1497, this island has shrunk in size from 14,000 to 20 square miles. Consequently, as it has become surrounded by hundreds of miles of dangerous reefs which are usually enveloped in fog and swept by irregular currents, some 1,000 ships have been wrecked in this "graveyard of the Atlantic."

## NEW FASTER ACTING ROYAL DRY YEAST

Add New Fast Rising Royal to water. It starts working in 10 minutes.

## New Granule Form Saves Time! Saves Work! Scores New Baking Success!

No fussing with "setting bread" the night before when you're tired and "not up to it." No risk of overnight baking failure because of temperature changes. New Fast Rising Royal lets you do your whole baking in a few

hours in the daytime when you can watch the dough. New Fast Rising Royal stays full strength, ready for use on your pantry shelf for weeks. Try New Royal Fast Rising Dry Yeast today. At your grocer's.

## RADIO-ACTIVE DUST HAS BEEN DESCRIBED AS MORE DEADLY THAN THE ATOMIC BOMB

OTTAWA.—A statement by Hon. Brooke Claxton, defence minister, that by-products of atomic energy research at Chalk River, Ont., might be used for defence purposes, created conjecture towards the deadly powers of radio-active dusts spawned in the atomic process.

The minister, at a press conference, made only brief mention of that phase of Chalk River development, but it was learned reliably that while the dust could play a hideous part in any future war its current status at the national research council pilot plant, 125 miles northwest of Ottawa, is largely that of an industrial hazard.

Every effort has been bent to prevent its microscopic particles of toxic poison from getting into the lungs of Canadian scientists and slowly destroying them over a period of weeks. It is not known what measures have been devised for that purpose, but it was stated reliably that Canada is not developing the dust for military purposes. But in any future war, she quite probably could and would.

(The Toronto Daily Star in an Ottawa dispatch said the atomic energy plant at Chalk River, Ont., could produce "death dust" in greater volume and at a more deadly potency than any atomic plant in the world today "because the Canadian plant is unique.")

The Star described the dust as "perhaps a more deadly weapon than the atomic bomb." Actually, there is nothing new in the disclosure of the dust. It has been known for years to scientists. The United States atomic experiments at Bikini, in making underwater tests, threw up giant quantities of water with the dust absorbed in it, poured down upon ships being used as guinea pigs and contaminated them with its powers.

Steps for protection of populations against it have undoubtedly been studied. On a person's arm, the dust would be harmless. But once in his lungs, it has a continuing and cumulatively poisonous effect. The victim might for some time be unaware that he had any such force within him, eating away his lungs.

One expert was asked if a second world war gas respirator would hold back the dust from a man's lungs. "That," he said, "is something that would have to be put to the test—but it would be a comforting thought to have on if it ever happened."

### COMPLETE PARATROOP COURSE

OTTAWA.—Seven officers and two other ranks of the Canadian army active force baled out of a plane over Camp Shilo, Man., recently to complete their paratroop course and become the first of Canada's peacetime active force to qualify for their "jump wings", defence headquarters disclosed.

A slide rule is available which locates decimal points in mathematical expressions up to 19 places.

## TO SHARE NATIONAL INCOME FARMERS URGED TO HAVE STEADY LIVESTOCK PRODUCTION

CALGARY.—The government, working in co-operation with farm organizations, has made "every provision" for the farmer collecting his reasonable proportion of the national income, Rt. Hon. James G. Gardiner, federal minister of agriculture, told the United Farmers of Alberta annual convention.

"The only question remaining," he went on, "is as to whether that is what the whole farming community desires. The gross income can be increased by producing to the limit that which brings in the most cash and we have the net income by producing what pays best."

Questioned after his formal address on the government's policy toward increasing greater barley production, Mr. Gardiner said an announcement would be made after his return to Ottawa.

He pointed out that the provinces and the farm organizations represented in the C.F.A. proposed that there be an average subsidy of 53 per cent on all land put into barley, and that present equalization payment come off and the price remain the same.

The government is "considering" this proposal, he said, and will either provide an average subsidy or increase the price.

After giving figures to show the great effect of increased livestock production on farm income during the war years, Mr. Gardiner advised farmers to stay with livestock.

"If a farmer sells all his feed grain to Denmark or the United States and the brewery just leaves him that of a little more for it and closes up that part of his plant which pays the best profits, he should not be surprised if Denmark and the United States and

### BRITAIN CURTAILS COAL DELIVERIES

LONDON.—Faced by the most serious fuel shortage in the country's history, the British government has announced an over-all cut in coal deliveries to industry.

Sir Stafford Cripps, president of the board of trade, admitted to a press conference that the export drive might be affected though it is hoped not seriously. Any unemployment caused by the cut would be "very small—practically nothing."

Domestic fuel supplies will not be cut and electricity and gas plants will be given "enough coal to work full out"—but even the iron and steel industry and industrial coke ovens will be short of requirements by an estimated 200,000 tons weekly.

In addition to the industrial cut, Sir Stafford said that hotels, restaurants and movie theatres might have to use less electricity and coal but there will be no further dimming of street lighting.

Fuel Minister Shinwell who also met with the press said that allocation would be put on a "realistic scale"—about half the previous allocations.

### GIVEN NEW POSTS

Five Appointments Have Been Announced by Prime Minister King

OTTAWA.—Prime Minister Mackenzie King has announced five appointments of new deputy and associate deputy ministers of government departments.

Also announced was the appointment of Maj. C. R. Lamoureux of Montreal as gentleman usher of the black rod.

The deputy and associate deputy ministers follow:

Hugh L. Kenneyville, to be deputy minister of mines and resources and commissioner of the Northwest Territories, effective March 15.

Stewart Bates, to be deputy minister of fisheries, effective Jan. 15.

Wilfred Gordon Mills, to be deputy minister of national defence.

Alexander Ross, to be associate deputy minister of national defence.

Col. J. B. McCreath, to be associate deputy minister of national defence.

WILL GO ON TRIAL

VENICE, Italy.—The British supreme command in Italy announced that Field Marshal Alexander, former supreme German commander in southeast Europe, will go on trial for war crimes before a British military court in Venice next month.

SETS NEW RECORD

AMSTERDAM.—A New York-to-Amsterdam flight record was set by a Dutch Constellation aircraft which completed the 3,600-mile trip in 11 hours, four minutes, compared with the previous record of 12 hours.

the brewery force him to take a lower price when he no longer has a market for hogs, beef or dairy products in Britain.

"The only way farmers can get and maintain their reasonable share of the national income, granted they have an assured market and reasonable price, is through mass production of what they have a reasonable market for, and preferably the finished product, such as cattle, hogs and eggs. If we want our share of the national income, it is in our hands. We have the market. We have the net income by producing what pays best."

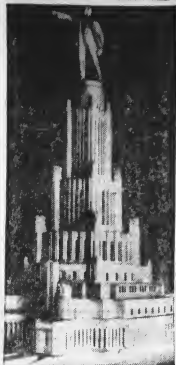

Questioned after his formal address on the government's policy toward increasing greater barley production, Mr. Gardiner said an announcement would be made after his return to Ottawa.

He pointed out that the provinces and the farm organizations represented in the C.F.A. proposed that there be an average subsidy of 53 per cent on all land put into barley, and that present equalization payment come off and the price remain the same.

The government is "considering" this proposal, he said, and will either provide an average subsidy or increase the price.

After giving figures to show the great effect of increased livestock production on farm income during the war years, Mr. Gardiner advised farmers to stay with livestock.

"If a farmer sells all his feed grain to Denmark or the United States and the brewery just leaves him that of a little more for it and closes up that part of his plant which pays the best profits, he should not be surprised if Denmark and the United States and

**PALACE OF SOVIETS BUILDING RESUMES**—Russia is to resume construction on the Palace of the Soviets, listed as the world's tallest building with a height of 1,365 feet, which was interrupted during the war. Moscow radio has announced.

### "A" CIRCUIT FAIR DATES SET

The Western Canada association of exhibitions, known as "A" circuit, and the Western Canada Fairs association, "B" circuit, met recently at the Fort Garry hotel, with vice-president J. Charles Yule in the chair.

The dates for "A" circuit for 1947 are as follows:

Brandon—June 30 to July 4—a 5-day show.

Calgary—July 7 to 12.

Edmonton—July 14 to 19.

Saskatoon—July 21 to 26.

Regina—July 28 to August 2.

Dean Grant MacEwan, of the University of Manitoba was chosen as chairman of the attractions committee. Arthur H. McGuire of Calgary to head the concessions, C. E. Wilson of Saskatoon to handle livestock, Saskatoon to handle livestock, Saskatoon to handle livestock.

For the "B" circuit, A. W. Shaw of Vegreville, Alberta is officiating as president, with Keith Stewart of Portage la Prairie as secretary.

### TO REDUCE PRICE OF CITIZENSHIP PAPERS

OTTAWA.—Loud protests from numerous Canadians who object to paying \$5 apiece for the new Canadian citizenship certificates for themselves and their wives have caused the government to change its mind. The \$5 fee is to be reduced, it was admitted by Hon. Colin Gibson, secretary of state.

Mr. Gibson was not certain yet how much the fee would be cut. It may be the certificates will be reduced to \$1 or even given free to native-born Canadians. Foreign-born, naturalized Canadians may still be charged the fee.

**BYRNES RETIRES AS SECRETARY OF STATE**—Gen. George C. Marshall (right) is shown with James F. Byrnes, whom he succeeds as secretary of state. Failing health forced Byrnes' resignation. General Marshall has spent the last 13 months in China as a special representative.

### UNITED STATES MAY SELL CANOL PROJECT

OTTAWA.—Canada has agreed to let the United States sell to private interests or scrap the \$135,000,000 Canol project which the U.S. established in the Canadian northwest in an abortive attempt to produce oil for the war against Japan, the external affairs department announced.

An exchange of notes made public here indicated the U.S. planned to try to sell the refinery at Whitehorse, Y.T., and pipeline to Norman Wells, N.W.T., to prospective operators. The dominion was given the option of buying what was left after sale to private interests and removal of any equipment wanted by the U.S. government.

The agreement covers Canol's crude oil facilities, but does not take in the systems set up to distribute products of the refinery, which have not yet been declared surplus by the U.S. army.

Though the original 1912 agreement between Canada and the United States called for the permanent joint defence board of the two countries having the final say in declaring when the defence value of Canol was expended, the exchange disclosed this provision had been annulled because other "competent military authorities" in Canada and the U.S. had decided the project no longer had defence value.

### Manitoba Directors Of Health Units Meet

WINNIPEG.—A conference of the Medical Directors of the twelve Local Health Units of Manitoba was held at the Manitoba Department of Health and Public Welfare, Winnipeg, January 9-11. The group present represented the organized preventive medical services which are available to 35 per cent of the people of the province outside of the city of Winnipeg.

The conference was called by the Honorable Ivan Schultz, Minister of Health and Public Welfare, to review progress to date in the local health units. New features of health programs and policies for preventive medical services were discussed.

The Manitoba Department of Health and Public Welfare concluded from the conference, that a satisfactory beginning had been made in the Manitoba Health Plan. Services have been limited in the past by a shortage of fully qualified staff. As soon as trained personnel is available the work of existing units will be enlarged, and in response to public demand, other units will be established.

CANADA'S UNEMPLOYED

OTTAWA.—Unemployed persons in Canada averaged only about 3 per cent of those employed in 1946, the Dominion bureau of statistics reported. During the year, the average unemployment was 143,000. The average number of persons with jobs was 4,652,000.

Mme. Sun Yat Sen is planning a secure tour in the United States this fall.

## GOVERNMENTS OF BRITAIN AND FRANCE DECIDE TO CONCLUDE A TREATY OF ALLIANCE

**FRENCH TRY GENERAL FOR WAR "MURDERS"**—Senior German military commander in the occupation of France, Gen. Otto von Stulpnagel is being tried by a French military tribunal in Paris. He was brought from Germany recently and is accused of responsibility for a long list of murders and other acts of violence.

### NEW SELLING PHASE BY WAR ASSETS

OTTAWA.—War Assets corporation has entered a new phase of selling activity with inauguration of warehouse "inspection and bid" sales, E. R. Birchard, vice-president in charge of merchandising for the corporation, said.

When a warehouse sale is decided on, goods for sale are arranged in lots convenient for inspection. They are small enough to permit buyers of limited means to compete with larger buyers.

Following the inspection period four days are allowed for receipt of bids, after which the highest bidder is notified of acceptance of his offer provided the price is equitable. Unsuccessful bidders also are informed of non-acceptance of their offers. Special mobile units have been organized to handle these sales and each unit includes an information section.

### TRACTOR TRAIN BRINGS FOOD

THE PAS, Man.—A second provision-laden caterpillar train—eight tractors drawing 32 sleighs—crawled toward the mining and Indian settlement of God's Lake, 280 miles east of The Pas, to dispel for the winter the threat of another enforced fad diet for the 514 residents.

Bad weather which interfered with the operation of the caterpillars, and the dwindling of supplies on the shelves of the settlement's sole store had precipitated a minor crisis in the lives of the 14 white and 500 Indian residents. They were forced to go on an almost 100 per cent fish diet.

The first caterpillar train was hailed jealously by practically every resident. Extra help was employed at the store to open the cases. No sooner were the shelves filled than the eager Indians emptied them.

## VETERANS MINISTER MACKENZIE ANNOUNCES NEW FINANCIAL ASSISTANCE TO WAR VETERANS

OTTAWA.—The Veterans Business and Professional Loans act, passed at the last session of parliament as a measure to encourage financial assistance to veterans at low rates of interest, is proclaimed, Veterans Minister Mackenzie announced.

Proclamation of the act was withheld while regulations for administering it were re-drafted, the minister said. This task now has been completed in co-operation with the department of finance and the Chartered Banks of Canada.

The loans under the act will be available to veterans who have received war service gratuities but have not already been given assistance under the Veterans' Land act. The veterans may apply for the loan for the following purposes:

1. For purchase of a business or partnership.
2. Purchase or repair of machinery, tools, instruments or other equipment of business.
3. Construction, repair or alteration of, or making of additions to, any building or structure used or to be used in the carrying on of business.
4. Any purpose as prescribed which may be deemed to benefit the veterans' business.

LONDON.—Great Britain and France decided to conclude a treaty of alliance at the earliest possible moment, the foreign office announced following a momentous conference here between Premier Leon Blum of France, Prime Minister Attlee and Foreign Secretary Bevin.

The announcement said that during the conference "it was recognized that the two countries, having been twice attacked by Germany in a period of 25 years, have an equal interest in protecting themselves against a fresh German menace."

"It was therefore agreed that in these circumstances a treaty of alliance should be concluded between them at the earliest possible moment within the framework of Article 52 of the charter of the United Nations and the object of preventing any further aggression by Germany and of preserving peace and security. It was agreed that negotiations to this end should be opened as soon as possible."

The two governments were furthermore convinced that the conclusion of such a treaty would facilitate the settlement in a spirit of mutual understanding of all questions arising between the two countries."

During the Blum visit, the statement said, it was "recognized on both sides that it was in the interest of the two countries that effective steps should be taken to prevent the economic reconstruction of Germany, though necessary from many points of view, becoming once again a menace to the peace of the world."

The committee will meet in Paris in a few days.

The British Press association said that both the United States and Russia were informed before the publication of the announcement from 10 Downing street.

The agency said the new Anglo-French alliance would follow those already existing between Britain and Russia and between France and Russia, and would provide for military aid in the event of a threat of aggression by Germany or any powers associated with Germany.

### BUTTER PRODUCED IN 1946 DOWN

OTTAWA.—The dominion bureau of statistics reported that creamery butter production in December totalled 10,292,000 pounds, against 10,505,000 pounds in December 1945, bringing production for the whole of 1946 to 270,150,000 pounds against 293,541,000 pounds in 1945.

Of the December figures, the bureau said declines in production were reported in all provinces except Quebec and Ontario, which showed advances of 9.7 and 9.5 per cent, respectively.

The bureau said an appraisal of the creamery butter situation over the first four months of 1947 indicated that, on the basis of present levels of rations and allocations, prospective supplies will be approximately 11,000,000 pounds below requirements.

### PLENTY OF CALLS

Telephone subscribers in New York city made an average of 12,000,000 telephone calls a day last year, the New York telephone company reports. Peak day was one with 14,371,000 calls.

## Grands Complete Home Stand Without Defeat; Two Away Games Remain To Complete Schedule

The Grands may not have run up the large scores of previous weeks against their opponents but nevertheless they still have managed to take two points for every game played to date. Okotoks, Macleod, Nanton and Claresholm have gone down before their sharpshooting this week to maintain their winning streak.

Grands 4 Claresholm 3  
Claresholm played here on Wednesday night on ice that should properly have never been played upon. The chink which had swept over the ice all day had made it too soft for good hockey. The first few minutes of the game saw some nice hockey and it was not long before the Grands were enjoying a 3-1 lead. As the game progressed good hockey became impossible and all players resorted to their best golf shots. Grands scored again in the second and Claresholm came to life in the third with two goals.

**SUMMARY:**  
First Period: 1. Claresholm, Yost; 2. Antonenko; 3. Kovachik (Fraser-Kryczka); 4. Fraser (Biegun). Penalty: Field.  
Second Period: 5. Joyce (Biegun). Penalties: Biegun, Fraser, Young, Amundson.  
Third Period: 6. Claresholm, Hague; 7. Claresholm, Jenkins. Penalties: Yost, Cytok, major, Young, major, Joyce, Fraser.

Grands 5 Nanton 2  
Local supporters were mighty proud of their team on Monday night as they played a brilliant game to out-score the fast skating and aggressive Nanton Palominos 5-2. It was Grands third game in three days in which the team had travelled several hundred miles, slept in a hotel and the majority of the players had come home late Sunday night and went to work Monday morning, quitting their work at 4 p.m. to get only a couple of hours rest before donning their uniforms to play the strong Nanton club. In the three games they knocked over Okotoks, Macleod and Nanton.

Kryczka and Bill Field shot Grands into a 2-0 lead in the first period before Hudson combined with Dewar to put Nanton on the score board. Grands incurred three penalties, two of them coming seconds apart to leave the team two men short. Nanton however were unable to make good the advantage.

Grands increased their lead in the second when Teddy Kryczka sent a perfect pass from behind the net to Fraser who golfed it home. Koch, of Nanton, was the only player to receive a penalty.

In the third period Kwasnie was waved for boarding and while cooling his heels Nanton put on terrific pressure before Hughes succeeded in beating Pow. Joyce was playing one of his better games and made dangerous rushes time and again. On one rush he sent what appeared to be a soft shot at Greig which fooled the custodian for Grands fourth goal which came while Kwasnie was still looking on from the penalty box. Joyce came back minutes later and passed to Bill Fraser who was dead-eye Dick with a bullet shot past Greig.

Both teams played fast exciting hockey with the two goal-keepers playing outstanding games. Pow hadn't the same amount of work as his opponent but saved a number of point-blank shots. Greig saved time and again when Grands dominated play and is solely responsible for holding Grands to five goals.

**Summary:**  
First period: 1. Kryczka; 2. Field; 3. Nanton, Hudson (Dewar). Penalties, Fraser, Pavlus, Antonenko.  
Second period: 4. Fraser (Kryczka). Penalty, Koch.  
Third period: 5. Nanton, Hughes; 6. Joyce; 7. Fraser (Joyce). No penalties.

**GRANDS 4 OKOTOKS 2**  
Okotoks — The league-leading Coleman Grands strengthened their hold on first place in the Foodhills Hockey League by gaining a close victory of 4-2 over the second-place Okotoks Oilers in a game played before a sell-out crowd of about 1,700 fans in the Okotoks arena on Saturday night.

The game was even and fast throughout but Coleman exercised more passing than Okotoks and was thus able to hold a continuous lead. Heavy Okotoks attacks in the second period threatened to break this lead but they were unsuccessful due to the vigilant goaltending of Pow. Slow ice, however, limited the performance of both teams.

Fraser of Coleman opened the scoring by driving a hard shot past Badyk, who gave an excellent performance in the Okotoks net. The Grands again tallied first in the second session with an unexpected goal by Kryczka which was deflected into the net by an Okotoks player.

Coleman was then forced to play "tiff" defensive hockey as the Oilers put on the pressure and came into the scoring on a goal by Anderson. The third period saw two more goals for Coleman, by Cytok and Kryczka, and a hard earned one by Miller of Okotoks.

**Scoring Summary**  
First period—1, Coleman, Fraser (Roughhead). Penalty — Joyce.  
Second period—2, Coleman, Kryczka; 3, Okotoks, Anderson (Miller). Penalties — Cousins.  
Third period—4, Coleman, Cytok (Roughhead); 5, Coleman, Kryczka; 6, Okotoks, Miller (Goddard, Martinson). Penalties — Mozell, Cousins, Cytok, Martinson, Antonenko.

**GRANDS 7 MACLEOD 6**  
Macleod: What should really have been a 6-6 tie ended in a 7-6 victory for the Coleman Grands when, before the largest crowd of the season, they met the Macleod Intermediates in a thrilling game on Macleod ice Sunday afternoon.

The first period ended with Coleman holding a 4-1 lead and the second period ended at a 5-5 score and was packed with action. The third period saw Red Kennedy make the score 6-5 and was evened when Mozell from Field got past Gröer.

With only two minutes to go a Macleod player in trying to clear pushed the puck into his own goal with the butt of his stick. This goal was credited to White.

**Scoring Summary**  
First period—1, Coleman, Kwasnie, 6:00; 2, Coleman, Kovachik (Kryczka), 9:03; 3, Coleman, Kovachik (Fraser), 10:00; 4, Coleman, Wm. Field, 11:00; 5, Macleod, M. Young, (Anderson), 13:00. Penalties — L. Field, Anderson, Pavlus.

Second period—6, Coleman, W. Field (Pavlus), 5:30; 7, Macleod, Anderson (R. Kennedy), 16:30; 8, Macleod, McGregor (Girard), 16:45; 9, Macleod, G. Kennedy (Girard), 18:45; 10, Macleod, A. Young (M. Young), 19:30. Penalties — G. Kennedy, Cytok, W. Field, Pavlus, Antonenko.

Third period—11, Macleod, R. Kennedy (G. Kennedy), 11:00; 12, Coleman, Mozell (W. Field), 11:30; 13, Coleman, White, 18:00. Penalty — Cytok.

**CIVIC CENTRE**  
"To be or not to be?" That is the question we could ask concerning a Civic Centre in Coleman.

Certainly a Civic Centre cannot be without the combined efforts of the citizens of our community, and you the reader are one of those

citizens.  
What is a Civic Centre? It is a place where children and adults can enjoy their leisure time. It provides a place for meeting friends, a gymnasium, a library, an auditorium and facilities for sports in all seasons.

Think how much you would benefit from it. Are you ready to give the project your support? Then why not show that you are by attending the public meeting being called by your Civic Centre committee for the first week in February?

A High School Student.

## Good News For MOTORISTS

One of Alberta's greatest needs is good roads.

The recently announced outline of a \$9,500,000 Highway Construction Program for the Province in 1947 is good news indeed to motorists, and indeed to everyone in Alberta, including farmers, transportation companies and business men generally.

The A.M.A. heartily endorses this program. It is a step towards the system of all-weather highways that Alberta needs, and that the A.M.A. has consistently advocated.

## MR. AND MRS. GEORGE REID VISITING IN COLEMAN

It is with genuine pleasure that the many friends of Mr. and Mrs. George Reid have been welcoming them back to Coleman during the past week following an absence of several years.

George Reid, as he is more commonly known, was for many years stable boss at McGillivray Creek and several years prior to the war left with Mrs. Reid and two sons for their native Dundee. During the war years several Coleman friends in the Canadian Army took time out to visit them while in Scotland and enjoy their hospitality.

A week or two before Christmas the Reid's came back to Canada and have been the guests of Mrs. Reid's sister, Mrs. Wheatley. Their two boys gained employment at Banff shortly after arrival in that

resort town. Last week Mr. and Mrs. Reid came down to Coleman to visit, they being the guests of Mrs. Reid's brother and wife, Mr. and Mrs. Alex. Chalmers.

On Monday night while Mrs. Reid visited friends and relatives Gossie attended the Grands-Nations hockey game and remarked that "it was just like the good old days." Coleman will always be home to him and he would like to settle once again in "the old home town."

## ...V... PETTY THIEVES

There are some petty thieves whose identities at the present time are unknown who are making a habit of stealing the daily newspapers which arrive here about 8 o'clock each evening.

The young newsboys are sometimes delayed in getting down town to wait on the newspaper car

and the bundles are thrown on the doorstep of Sam Bannan's law office. These petty thieves wait until the main street is more or less deserted these cold winter nights, break open the bundles and steal from one or two papers up to two.

The lost papers have to be paid by the young newsboy over and above the embarrassment of having to notify his regular customers that due to thefts he is unable to supply them with their evening paper.

A direct appeal is made to the thieves to "lay off" the youngsters' papers. If they want a paper they need only walk across the street where papers are sold for a nickel apiece.

## ...V... C.Y.O. NOTES

The Coleman C.Y.O. held its rally on Friday, Jan. 10, in the Catholic church hall. 150 members from Pincher Creek, Hiltner, Bellevue,

Blairmore and Coleman were in attendance.

Officers for 1947 were elected as follows:

President, Josephine Michalaky. Vice-President, John Stevulat. Secretary, Ann Kanik.

Following the business session Ed's orchestra furnished music and dancing was enjoyed, followed at midnight with a lunch. The raffie for the coffee table was drawn and Wing Ling of Coleman Cafe held the lucky ticket, No. 688.

## ...V... COLEMAN MODEL BAKERY GETS BREAD SCORED

Coleman Model Bakery had its bread scored by Robin Hood Flour Mills on Tuesday, Jan. 14, and received 92.5 points out of a possible 100.

Here is how the loaf was scored: Volume 10 out of 10; color of crust 7½ out of 8; evenness of bake 2½ out of 3; symmetry of form 3 out

3; break and shred 3 out of 3; character of crust 2 out of 3; grain 8 out of 10; color of crumb 9 out of 10; texture 14 out of 15; aroma 14½ out of 15; taste 10 out of 20. Total 92.5 out of 100.

## ...V... ST. PAUL'S UNITED CHURCH

Rev. R. Magowan, BA, BD, Pastor

Sunday, Jan. 26:

Services 11 a.m. and 7:30 p.m.

Sunday school 12:15 noon.

Firewise Hour at close of the evening service.

Rev. T. A. Morgan, BA, secretary of the Religious Education Council of Alberta, a specially gifted leader in boys' work, will preach at both morning and evening services. Every member and adherent of the congregation should hear him.

Annual Meeting, Jan. 20, 1947

It was regularly moved and seconded that the officers and members attending the annual meeting

of St. Paul's United church express their thanks to all who in any way contributed to the success of the work of the church during the past year, 1946.

James Glenenden, Sec.

## ST. ALBAN'S CHURCH

Sunday, Jan. 26:

Holy Communion 11 a.m.

...V... ANNOUNCEMENT

Mr. and Mrs. John Bownick, of Revelstoke, BC, announce the engagement of their daughter, Janet Rosalie, to Mr. Arne Gudmundson, youngest son of Mr. and Mrs. Eric Gudmundson of Coleman. The wedding will take place in April.

Mr. and Mrs. Steve Krszywo announce the engagement of their only daughter, Anna Hazel, to Bernard Wilson Forbes, son of Mr. and Mrs. J. C. Forbes, of Westlock, Alberta.

# IMPORTANT GOVERNMENT NOTICE

## Respecting Price Control

The Wartime Prices and Trade Regulations (Order in Council P.C. 8528 of November 1, 1941) established basic period maximum prices for goods and designated services. These regulations were passed under the authority of the War Measures Act and continued in force under the National Emergency Transitional Powers Act, 1945.

From time to time these basic maximum prices have been varied or the fixed maximum has been suspended in the case of particular goods and services by Orders issued by the Wartime Prices and Trade Board under the authority of the above Regulations. A few days ago a substantial number of suspensions from price control was announced.

I believe it is desirable therefore that a summary should now be published of those goods and services on which a legal maximum price remains in force under the provisions of the Wartime Prices and Trade Regulations so that all citizens may be given an opportunity to inform themselves of the law.

The complete price control regulations are contained in Wartime Prices and Trade Board Order No. 684 which is available to the public at any office of the Wartime Prices and Trade Board, and to which reference should be made for exact details.

*Douglas A. Ross*  
Minister of Finance.

## Summary of

## GOODS AND SERVICES REMAINING SUBJECT TO MAXIMUM PRICES

Under Wartime Prices and Trade Board Order No. 684

## FOODS

- All flours, flour mixes and meals.
- Yeast.
- Bread, bread rolls, biscuits and bakery products.
- Processed cereals, cooked or uncooked, including breakfast cereals, macaroni, vermicelli, spaghetti, noodles and other alimentary paste products.
- Rice.
- Pot and pearl barley.
- Shelled corn, but not including popping corn.
- Dried peas, soy beans, dried beans except lima beans and red kidney beans.
- Baking powder.
- Sugar, sugar cane syrups, corn syrups, grape sugar, glucose.
- Edible molasses.
- Honey.
- Maple products—1946 production.
- Candy, confectionery and caramels.
- Tea, coffee, coffee concentrates.
- Cacao beans, cocoa butter.
- Cocoa and chocolate and beverage preparations containing cocoa or powdered milk.
- Soft drinks and soft drink concentrates, except mineral, sparkling or spring waters in their natural form.
- Malt, malt extract, malt syrup.
- Vinegar.
- Black pepper and white pepper, and substitutes containing black or white pepper.
- Butter.
- Caseln.
- Cheddar cheese, processed cheese and cream cheese.
- Concentrated milk products of all kinds.
- Ice cream.
- Prepared salad dressings; salad and cooking oils.
- Salt.
- Fresh apples—1946 crop.
- Raisins, currants, prunes, dried dates, dehydrated apples.
- Tomatoes, tomato sauce, tomato paste, tomato pulp, tomato puree, tomato catsup, chili sauce, when in hermetically sealed cans or glass.
- Canned pork and beans, canned spaghetti and canned soups.
- Canned corn, canned peas, canned beans excluding the lima and red kidney varieties.
- Canned apricots, canned peaches, canned pears, canned cherries, canned plums.
- Fruits and vegetables in the two preceding items when frozen and sold in consumer size packages.

- (including rubber and plastic coated sheeting), shower curtains, salience cloths, sleeping bags, awnings, table cloths, tents, throw-overs, towels wash cloths, window blinds, window shades.
- Slip covers for furniture; covers for baby carriages, bassinets, cribs, cushions, mattresses, ironing boards and toilet seats.
- Pads for baby baskets, baby carriages, card tables, chairs, ironing boards, mattresses and playpens.
- Bags for household use, garment bags, haversacks, dunnage bags.
- Tarpaulins and other protective coverings of canvas.
- Scrap fabrics, including used scrap fabrics except wiping rags.
- Floor rugs and mats chiefly of cotton.
- Table and shelf oilcloth.

## DOMESTIC FUELS

- Coal, coke and briquettes.
- Wood fuels, sawdust and charcoal.

## HOUSEHOLD EQUIPMENT AND SUPPLIES

- Cooking stoves and ranges, but not including range-tops.
- Electrical and gas refrigerators.
- Washing machines.
- Furnaces, fire-place heaters and other heating equipment except portable electric heaters.
- Jacket heaters and other water heating equipment.
- Plumbing and sanitary equipment as follows: (a) All pipe and fittings of a type and size suitable for installation in domestic heating or water systems.
- (b) All equipment known commercially as "plumber's brass".
- (c) Other plumbing and sanitary equipment as follows: bathtubs, closet bowls, commodes, closet seats and hinges, chemical closets, closet tanks, household water storage tanks, lavatories, laundry tubs, septic tanks, sinks, shower baths, soil pipe and fittings, wash basins.
- Domestic sewing machines.
- Soap and soap compounds.

## MOTOR VEHICLES AND ACCESSORIES, BICYCLES

- Motor vehicles, including parts and accessories, as follows: passenger motor vehicles designed to carry less than ten persons; motorcycles; trucks and trailers used with trucks.
- Automotive truck bodies.
- Pneumatic tires and tubes.
- Storage batteries, except for specialized industrial uses.

- Bicycles, parts and accessories.

## CONSTRUCTION PRODUCTS

- Lumber of all kinds.
- Millwork such as doors, sashes, windows, stairs and gates.
- Plywood and veneers.
- Pre-cut lumber products designed for use in residential or farm buildings, but not including: fully pre-fabricated buildings.
- Gypsum board and gypsum lath.
- Wallboards and building boards.
- Insulation products, but not including pipe and boiler coverings.
- Builders' lime and plaster.
- Cast iron soil pipe.
- Nails, staples, rivets, bolts and nuts.
- Builders' hardware and locks.
- Building wires and wiring devices for residential buildings.

## AGRICULTURAL MACHINERY, IMPLEMENTS, EQUIPMENT AND SUPPLIES

- Practically all items of farm machinery, including planting, seeding and fertilizing equipment, plows, tillage implements and cultivators, haying machinery, harvesting machinery, tractors, wagons, dairy machines and equipment, sprayers and dusters.
- Articles of barn and barnyard equipment.
- Incubators, brooders, poultry feeding and watering equipment.
- Stationary gas engines.
- Beekers' supplies.
- Harness and harness hardware.
- Barbed wire and other fencing wire and fences.
- Hedgehoses and horseshoe caulkers and nails.
- Binder twine.
- Wheelbarrows.
- Feeds and feed products of all kinds except horse meat, pet foods, straw, clam shell and poultry grit.
- Aggregating limestone, hydrated lime and chemical fertilizers of all kinds.
- Cropper poisons.
- Seed beans and seed peas.
- Grains as follows: wheat; barley; oats; flaxseed; buckwheat; rye; sunflower seed; grain screenings.

## RAW AND PROCESSED MATERIALS

- Basic iron and steel products and alloys, including pig iron, cast iron, scrap, ingots, bars, plate, rods and wire.
- Primary, secondary and fabricated mill forms of the following non-ferrous metals and their alloys: aluminum, antimony, copper, lead, nickel, tin and zinc.

- Tractor distillates and gasoline.
- Crude rubber, synthetic rubber and latices, reclaimed rubber.
- Basic industrial or agricultural chemicals.
- Dye stuffs, pigments and dyes.
- Plastic sheeting and other plastic shapes for further processing.
- Crushed or burnt limestone.
- All fats and oils, including vegetable or marine origin, but not including cod liver oil when bottled for sale at retail.
- Natural occurring animal and vegetable waxes, but not including polishes.
- Glue stock, glues and adhesives.
- Starches.
- All kinds of knitted or woven fabrics, except pure silk fabrics.
- Bobbinet, dress and curtain nets and netting.
- Yarns and threads, except pure silk, for the knitting and weaving of fabrics.
- Fibers (natural and synthetic) except pure silk fibers used in the manufacture of yarns and threads, and waste products from processing.
- Sewing, embroidery and crocheting yarns, threads and floss, except pure silk.
- Rubberized, plastic and other coated fabrics.
- Elastic yarns, fabrics, and webbing.
- Cotton, wool or hair felts.
- Down and feathers but not including decorative feathers.
- Hides and skins from animals, reptiles or fish, of a type ordinarily processed for use as a leather.
- Leathers and synthetic leathers of all kinds.
- Sheepskin shearings, tanned, but not further processed than combed or sheared and coloured on the flesh side.

## PULP, PAPER AND PAPER PRODUCTS

- Pulpwood.
- Wastepaper.
- Wood pulp, except (a) dissolving grades, (b) "alpha" grades of bleached sulphate, (c) "Dissolved".
- (d) groundwood and unbleached sulphite grades sold for the manufacture of newspaper or hanging paper.
- Newspaper paper except when sold by manufacturers thereof.
- Certain paper products of book, writing, light weight sack, specialty paper mills, such as bond and stationery paper, duplicating paper, book and writing paper.
- Brutols, uncoated blotting paper, cover paper and most papers for converting purposes.

## CONTAINERS AND PACKAGING MATERIALS

- Containers, packaging and wrapping devices of a type used for the sale or shipment of products, when made in whole or in part from wood, metal, a textile fabric or solid or corrugated fibre board, and of interior parts used in conjunction therewith.
- Multilwall sacks.
- Corrugated or solid fibre board sheets or rolls used for wrapping or packaging.
- Cotton cordage.

## SERVICES

- Transportation of goods and services associated therewith.
- Warehousing; dry storage of general merchandise and household goods other than wearing apparel; cold storage, including rental of lockers and ancillary services such as processing charges in cold storage plants.
- Household laundering services.
- Supplying of meals or refreshments for consumption on the seller's premises, the supplying of beverages (except alcoholic beverages) by purveyors of meals or refreshments, the supplying of meals with sleeping accommodation for a combined charge, but not including the supplying of meals, refreshments or sleeping accommodation by an employer to his employees, directly or through a servant or agent.
- The service of printing, the packing or packaging or any other manufacturing process in respect of any goods subject to maximum prices, when performed on a custom or commission basis.

## USED GOODS

- Scrap goods, except scrap rubber and wiping rags.
- Household mechanical refrigerators, stoves, ranges and other cooking or heating appliances, electric washing machines, domestic sewing machines.
- Bicycles.
- Motor vehicles as follows: passenger motor vehicles designed to carry less than ten persons; trucks of all kinds; trailers used with trucks.

Any material shown above processed for incorporation into, or any fabricated component part of any of the above goods is subject to maximum prices. Also any set which contains an article referred to above is subject to maximum prices even though the remainder of the set consists of articles not referred to.

## Jim Wilkie To Seek Election To School Board

Young Business Man to Endeavor to Give Town Greater Representation on School Board.

It is quite possible that wider representation on the school board may result from the decision of Mr. James Wilkie to seek election to that body in the forthcoming municipal elections. The miners' union has announced that it plans on only seeking two of the three vacancies which occur at the end of this month.

Mr. Wilkie is a well known business man, having operated White Rose Service & Garage during the past year and a half and for three and a half years prior to that was mechanic at Sentinel Motors. He has taken an active interest in community affairs, being vice-chairman of the Coleman Crow View Rodeo which was an outstanding success last year and bids fair to be an even greater success this year with Mr. Wilkie still taking a major part in its administration. He is an executive member of the Coleman Board of Trade and also a member of the Lions Club and Coleman Curling Club.

Married, with two sons, he has made his home on Sixth street and like all aggressive local young men desires to see Coleman forge

ahead. This is his first venture into civic government and he has assured his supporters that if elected to the School Board he will endeavor to look after the interests of the ratepayers to the best of his ability.

It was announced at the union office on Wednesday morning that the union will seek only two of the three vacancies occurring on the School Board at the end of January.

Present chairman George Evans is definitely seeking re-election and the union's second choice has not as yet been determined.

The union also advised The Journal that councillor George Jenkins has consented to seek election to the town council for another term. This means that the two retiring councillors, W. Dutil and G. Jenkins, both will seek re-election.

## Nick Nicholas Secretary Board Of Trade

Executive Still Seeking Definite Assurance that Pincher - Crows Nest Highway Will Not be Overlooked This Spring.

An executive meeting of Coleman Board of Trade was held on Monday evening in the Grand Union hotel, President Horace Allen presiding.

The resignation of Joe D'Appolonia as secretary was received with regret. Nick Nicholas, up and coming young businessman, was appointed to succeed Mr. D'Appolonia and took over his new duties Tuesday morning.

The question of supporting a film library which is scheduled at the moment to be located in the RCMP barracks a Blairmore was discussed and it was decided that more information should be forthcoming before money is raised to help sponsor the library in the Pass.

Apparently the east mail service to Calgary and other eastern points is not too good on the present schedule. In addition air mail service to the west coast is delayed since there is only one daily mail service to the closest TCA terminal, Lethbridge. The Board is being asked to use its influence by both local and other Pass interests to prevail upon the Postmaster General to sanction mail service on the local train going east at 2:30 p.m. from Coleman. A committee was chosen to gather data on the subject.

The Highways Committee is endeavoring to have the Hon. W. L. Fallow declare himself on what can be expected on the No. 3 highway from Pincher Station to the BC boundary this spring. Two letters have been sent. Regarding the first letter his secretary states Mr. Fallow was out of the city and the letter would be brought to his attention upon his return. The second letter was written three weeks ago and no reply has been received. The results from the two letters has been absolutely nil in so far as gaining answers to questions asked.

Mr. Ritson-Bennett, of Calgary, is to address the Lions Club next Monday in the interests of the Canadian Red Cross. Part of his address will be regarding swimming pools and how they can be financed. Three delegates from the Board of Trade will be present in addition to two councillors.

## Order Of The Royal Purple Organized Locally

Nora Goulding To Guide Destiny of New Order In Its First Year; Many Members In Attendance At Organization.

On Wednesday, January 15th, thirty-seven wives and relatives of Coleman Elks gathered in the Oddfellows hall to institute the Order of the Royal Purple, Auxiliary of the Benevolent and Protective Order of Elks.

Mrs. Alice L. Grevelt, Deputy Supreme Honored Royal Lady, of Calgary was present and in charge of institution. Assisting her were three Lethbridge members, Mrs. Holberton, PHRL, Mrs. Obovin, PHRL, and Mrs. Heinz, PHRL. Institution took place at 1:30 p.m. with the following officers being elected.

Honored Royal Lady, Nora Goulding.

Associate Royal Lady, Delfina

## D'Appolonia.

Loyal Lady, Angelina Wilson. Lecturing Lady, Ethel Kostelnik. Secretary, Helen Urwin. Treasurer, Katherine Corbett. Chaplain, Margaret McCulloch. Conductress, J. J. Kwamie. Inner Guard, Muriel D'Amico. Outer Guard, Helen Fontana. Trustees, Mrs. Maslen, Elina Nicholas, Francis Bond. Pianist, Isobel Speivak. Pianist, Eunice Fraser. Historian, Agnes Vincent.

A social was held in the evening where the Brother Bills played hosts to the newly formed auxiliary. Whist and dancing was enjoyed by all.

## Order Eastern Star Install Officers For 1947

Installation of officers in Minerva Chapter, OES, was held on Thursday, Jan. 16, with Sister Mary Morris installing officer, assisted by Sister Leta Davidson, marshal; Sister Catherine Garner, chaplain, and Sister E. Gladys Raman, soloist.

Officers for the ensuing term: W. M. — Sis. Caroline Pettifor W. P. — Bro. Joseph Emmerson A. P. —

Secretary — Sis. Catherine Garner Treasurer — Sis. Phyllis Jenkins Cond. — Sis. Mary A. S. Morris Assoc. Cond. — Sis. Anne Murdoch Chaplain — Sis. E. Gladys Bannan Marshal — Sis. Hazel M. Cox Organist — Sis. Leta M. Davidson Adah — Sis. Margaret Fleming Ruth — Sis. Elizabeth Park Esther — Sis. Janet Jackson Martha — Sis. Elsie Jackson Electa — Sis. Charlotte Lonsbury Warder — Sis. Elsie Shields Sentinel — Sis. Margaret Gillies

Following the installation, Sister Elizabeth Park, Past Matron, was presented with her Past Matron's Jewel and a bouquet of carnations by W. M. Sister Caroline Pettifor who also presented the installing officers with bouquets and gifts on behalf of the chapter.

## Professional Drama Group Here On Saturday

The Coleman Lions Club and the Coleman Playgoers Club are jointly sponsoring an Everyman Theatre production of Oscar Wilde's "The Importance of Being Earnest." This excellent comedy of wit and manner will be under the direction of Mr. Sidney Risk, well known to Coleman audiences as an adjudicator at the annual Lions' Drama Festival.

Since leaving the Department of Extension, University of Alberta, Mr. Risk has turned his attention to professional theatre production. The Everyman Theatre is a group of young Canadians producing the best in drama for Canadian audiences.

This production promises to be one of great interest to Coleman theatregoers, presenting as it does the rare opportunity of seeing a professional group under the direction of Mr. Risk, whose ability has been admired so much in previous years.

Tickets will be sold by members of both clubs or at the Coleman Cash Grocery for this production on January 25. Curtain will be at 8 p.m. in the Coleman Community hall.

## Births

## Clan Donnachaidh Notes

Everything has been arranged for the Burns' Night Concert and Dance sponsored by the Clan Donnachaidh Society on Friday, the 24th inst.

Mr. Duncanson will give a short talk on Burns. Quite an array of local talent has been secured for the concert. Elocutionist, instrumentalists, singers, dancers, and, of course, the band. The committee in charge kindly ask those attending to be in their seats before the concert commences. If this is done neither the audience or artists will be disturbed during the program.

Immediately following the concert the floor will be cleared and the pipers will play for any old time dances that may be asked for. At 10 o'clock Ed's orchestra will take over and dancing will go on till 2 a.m.

The Society confidently invite the public to patronize this event. They will provide a pleasant evening and at the same time be helping to equip the Pipe Band.

## Pee Wee Hockey Notes

(By Onlooker)

Legionaires beat Lions 5-2 in a closely contested game played on Friday, Jan. 17. This win enabled the Legionaires to maintain a 3-point margin over their nearest rivals, the Lions.

Kovack scored four goals, three unassisted, with Foster getting an assist on one. Bator scored the fifth goal, with Kovack getting the assist. For the Lions J. Kerr banged home both counters, Laithwaite and Park each getting an assist.

In an exciting exhibition of close checking hockey, Patt's won a close 2-1 decision over Elks. Tiberghien and Kapalka scored for Patt's with Rizzo getting the Elks' lone counter.

League: W L T GF GA P  
Legion 3 0 0 11 3 6  
Lions 1 1 1 4 6 3  
Patt's 1 2 0 3 7 2  
Elks 0 2 1 2 4 1

Scoring Statistics: G A P  
Kovack (Legion) 10 1 11  
Kerr (Lions) 3 0 3  
Tiberghien (Patt's) 2 0 2  
Jenkins (Elks) 1 0 1  
Rizzo (Elks) 1 0 1  
Smith (Lions) 1 0 1  
Kapalka (Patt's) 1 0 1  
Bator (Legion) 1 0 1  
Foster (Legion) 0 1 1  
Laithwaite (Lions) 0 1 1  
Park (Lions) 0 1 1

CHUCKLAS WISH COLEMAN. ITES GOOD LUCK IN 1947

The Journal is in receipt of a nice letter from Mr. and Mrs. Walter Chukla, of Calgary, and formerly of Coleman, along with their renewal subscription.

The letter reads: "We really appreciate receiving the paper. First thing when we get home from work on a Saturday afternoon is to ask 'Where is the Coleman Journal?'" then I look over all the events that took place during the past week. I pass it on to some of my friends, telling them it's my old home town weekly paper.

"Colemanites, we still think of you and here's hoping you all have lots of good luck in 1947."

## Tom Grey Says It's a Fact!

OUR HEIGHT IN THE MORNING IS NOT THE SAME AS AT NIGHT

## And We Can Prove It!

We are taller in the morning. The discs of cartilage between the vertebrae of our backbone yield to the pressure of the weight of our bodies when erect. Consequently, we may be as much as a half inch shorter at the end of the day. "Popular Fallacies" A.S.E. Ackermann.

But our service, month in month out, is always the same! The best we know how to offer.

## Council Gravely Concerned Over Ash Removal

Light & Water Hearing to be Held in Calgary January 29; Seamen's Association Given Permission to Sponsor Tag Day, Locally.

Regular meeting of the council was held on Tuesday evening. Present Mayor Abousafy, Councillors Cox, Dutil, Jenkins, Lowe and Ramsay.

Councillors are gravely concerned regarding the ash removal at the present time. All councillors told of being constantly approached at the mine, at the stores and in the homes by irate householders. Two weeks ago Ashman Wm. Martland appeared before council and promised to clean up the town as quickly as possible. Works chairman W. Dutil was again authorized to meet Mr. Martland and impress upon him the seriousness of the situation. In addition a letter was authorized to be sent to Mr. Martland urging immediate gathering of ashes.

Some time ago the town promised Mr. Steve Bettinger, nuisance ground inspector, that if the Department of Public Health would agree to boosting its annual payment from \$40 to \$50 a year the town would do likewise and thus give him a \$20 per year boost. On Tuesday correspondence was received from the Department revealing it was prepared to pay the increased amount, thus Mr. Bettinger is now assured of his \$100 per year fee.

Council has been advised by the Dept. of Municipal Affairs that the 1947 assessment has been reduced from that of 1946 thus resulting in a reduced Social Service tax for the town.

Coleman Dairy now having ceased distributing milk, proprietress Mrs. H. McGillivray, sought a rebate on her 1946 milk license. Her request was refused.

A circular letter from the Dominion body of St. John Ambulance Association was received asking town's support in starting First Aid classes and adding these classes financially. Since Coleman has one of the strongest St. John Ambulance Association branches in the province the letter was received and filed.

Correspondence was received from a Seamen's Association with headquarters in Toronto. Permission was asked to stage a tag day in Coleman during 1947 for the purpose of soliciting funds to maintain libraries and welfare stations for sailors. Permission was granted.

The police report covering 1946 was read and will be presented to the annual ratepayers meeting next Friday night.

Mr. Ritson-Bennett is scheduled to speak at the Lions meeting on Monday night under the auspices of the Canadian Red Cross. Councillors Ramsay, Jenkins and Cox were delegated to represent the council at this meeting.

To prevent the water taps from freezing at the skating arena the water is allowed to flow constantly. It has been flowing over the CPR tracks, freezing and paving the way for a possible serious accident to railway equipment. A strong protest has been received by council from the company and the Sports Association was to be informed Wednesday morning to have the water tap closed and the suggestion made that a turn-off valve be placed on the water pipe.

The hearing of Coleman Light & Water Co. is scheduled to come before the Board of Public Utility Commissioners on Wednesday, Jan. 29. Mayor Abousafy and Councillor Dutil will represent council since all other councillors were unable to make proper arrangements to have substitutes take over their employment during their absence.

Alberta Phillips Off To Wales On Vacation

On Sunday, Jan. 12, Miss Alberta Phillips set out on the first lap of her trip to Wales and the old home town of Monmouthshire where she will be the guest of her sister, Mrs. William Luxton. She was expected to land in Britain to day from the luxury liner Queen Elizabeth.

Alberta, who has been on the Frank Abousafy store staff for a number of years,

has been planning on this trip for a long time and now that civilian travelling restrictions have been lifted she lost no time in putting it in reality.

Her future depends on how she likes South Wales. If she comes to like it a great deal she may reside there but if Canada still retains the inside rail she will come back home after a holiday of several months duration. It is 22 years since the Phillips family left South Wales for Canada.

Her mother, Mrs. Alf. Phillips sr., left on January 6 for an extended visit at Vancouver where she is the guest of her son-in-law and daughter, Mr. and Mrs. Wm. Hirst.

### MISCELLANEOUS SHOWER

Mrs. H. Kilvington, nee Mary Graham, was honored at a miscellaneous shower in the IOOF hall on Tuesday, Jan. 14. Whist was played winners being Mrs. L. A. Caroe sr., Mrs. Lepack and Mrs. A. McLean. The guessing contest was won by Mrs. M. Wavrean.

Following games the hostesses, Mrs. R. Graham, Mrs. S. Wavrean, Mrs. F. Paterson, Mrs. J. Pedosuk, Mrs. M. Dunford, Helen Dibble, Alvena Aschacher and Gladys Moores, served a very dainty lunch.

During the evening's festivities the honored guest was presented with many beautiful gifts for which she ably expressed her thanks.

Mrs. Kilvington plans on leaving within the next two or three weeks for Victoria where her husband, a Petty Officer in the Canadian navy, is based.

## WORLD HAPPENINGS

### BRIEFLY TOLD

No cricket or other games is to be allowed on Sundays in parks at Newport, Wales.

The town council of Stranraer, Scotland, plans to buy 100 scrapped flying boats and use the aluminum for toys.

The London Daily Express said Winston Churchill has virtually finished his memoirs covering the last 10 years.

Leith, Scotland, which used to export 2,500,000 tons of coal a year, is going to import coal from Newcastle, England.

The Oregon Journal, Portland, said it plans to operate a helicopter from the roof of its new building in news and picture coverage.

Harold J. Laski, former chairman of the British Labor party, said in Brussels that "Russia wants peace and we must try to reach that peace with her."

Tailors in London are being asked to co-operate in efforts to stamp out dishonest dealings in cloth which have assumed serious proportions that the trade is greatly perturbed.

Canada's shipbuilding industry, thriving as never before in peacetime, started off 1947 with a backlog of orders totalling around \$110,000,000, a survey showed.

## SELECTED RECIPES

**EGGLESS CHOCOLATE CAKE**  
2 squares unsweetened chocolate  
1 cup milk  
1 1/2 cups sifted Swiss Down cake flour  
2 1/2 teaspoon soda  
2 1/2 teaspoon salt  
1 cup sugar  
1 cup butter or other shortening  
1 teaspoon vanilla

Combine chocolate and milk in top of double boiler and cook over rapidly boiling water 5 minutes, stirring occasionally. Blend with rotary egg beater; cool. Sift flour once, measure, add soda, salt, and sugar, and sift together three times. Cream shortening; add flour mixture, vanilla, and chocolate mixture, and stir until all flour is dampened. Then beat vigorously 1 minute. Bake in greased and lightly floured pan, 8x8x2 inches, in moderate oven (350 deg. F.) 50 minutes, or until done. Spread with Quick Chocolate Frosting.

**Quick Chocolate Frosting**  
2 squares unsweetened chocolate  
1 can (14 or 15 ounces) sweetened condensed milk  
1 tablespoon water  
Dash of salt  
1/2 teaspoon vanilla

Melt chocolate in top of double boiler. Add condensed milk gradually, mixing well; then add water and salt and blend. Cook 5 minutes over rapidly boiling water, stirring constantly. Remove from fire. Add vanilla. Cool. Mixes enough frosting to cover tops of two 9-inch layers, two 8-inch layers (generously), or top and sides of 8x8x2-inch cake or 9x5x3-inch loaf cake. Or enough to cover tops of 2 dozen medium cup cakes.

Note: Three squares Baker's Unsweetened Chocolate may be used for darker, richer flavored frosting. Increase water to 2 tablespoons and cook only 2 minutes.

### ARTISTS CAN NEVER DRAW SNOWFLAKES

The Victoria Times says: More fragile than the flurried ice traceries which form on windows in the heavy frost, the snowflakes can hold their purity but briefly. There is a quick-changing life, individual as they drift from the clouds, falling softly in a silence that becomes almost tangible, to lose identity in the temporary white blanket they spread upon the land. Yet, in their short transit, each is a model of nature's artistry, a symbol of supreme harmony of line that defines intimacy by man's most skilful hands.

### FIND ROMAN COINS

STOCKHOLM — Fifty-six Roman gold coins, dating from 400 to 475 A.D., were found recently in a field in Öland, second largest Swedish island in the Baltic. Representing a current gold value of about \$325, the coins constitute one of the biggest finds ever made in Sweden.

## HEADACHE? TAKE MID

**ALL-VEGETABLE LAXATIVE**  
NIT Tablets relieve headaches, sick feeling, due to irregularity. Through pleasant action. Work overnight. Two strengths, NIT and NIT Junior (1/2 dose) for extra mild action and effective relief. Chocolate coated or plain.

**TAKE TO-NIGHT** TOMORROW ALRIGHT  
**NIT Tablets** 10c AND 25c

**WAR BRIDE CHARGED IN THEFTS**—Blonde British war bride, whose marriage was annulled last year, Mrs. Betty Margaret Pitt, shown here, is held by New York police on charges of burglary, grand larceny and possession of burglar's tools. Police said she admitted a series of thefts because she wanted "to wear fine clothes and to live well," and estimated total value of loot, clothes, jewelry and cash stolen from hotel rooms at more than \$25,000.

### HEALTH LEAGUE ANSWERS PASTEURIZATION CRITIC

A correspondent of the North Battleford, Sask., Outlook recently wrote to the editor of that newspaper on the subject of milk pasteurization. It is evident from the letter that the correspondent, Mr. Jerome Ternier, does not think much of milk pasteurization.

The Health League of Canada, which is campaigning to obtain pasteurization legislation in the eight provinces presently without such laws, hastens to reply to Mr. Ternier. Ontario is the only province with such legislation in force.

Mr. Ternier, as an individual, may not endorse pasteurization of milk, but against his opinion are ranged those of the Canadian Medical Association, the British Medical Association, the Canadian Public Health Association, the Canadian Public Health Association, the American Public Health Association. All these associations endorse and urge universal pasteurization of milk as a great disease eliminator and a life-saving device. Their arguments are based on scientific fact.

The fact that the Canadian Medical Association is in favor of pasteurization should take care of Mr. Ternier's contention that "some of our local doctors" are in doubt as to the improvement in North Battleford's health situation since enactment of a pasteurization by-law.

It is known that raw milk harbors germs which can cause bovine tuberculosis, typhoid fever, infant botulism, septic sore throat, paratyphoid and the fatal diarrhoea of infants. Mr. Ternier refers to only one of these diseases, undulant fever. He intimates that the suggestion that the farmer's cow is responsible for an outbreak of this disease could be somewhat far-fetched.

In reply, the Health League would like to point out that one major cause of undulant fever is the drinking of raw milk obtained from cows suffering from Bang's disease, contagious abortion. In an article "Mystery Crippler" in a recent issue of Maclean's Magazine, Dr. M. C. Dunlop said that "undulant fever is a foremost public health problem in this country and its continuance rests upon public indifference and ignorance in regard to the dangers of raw milk."

### SUN SUBSTITUTES

Since cold weather makes sunbathing difficult, and since, nevertheless, the sunshine Vitamin is necessary to health, authorities of the Department of National Health and Welfare, Ottawa, recommend, during cold weather, such foods as milk, cheese and fish, and, where necessary, some fish oil in the diet, to ensure intake of this Vitamin.

## LESS AMPUTATIONS IN SECOND GREAT WAR

Report Shows 2,000 Cases Compared With 5,500 Of First Great Conflict

Statistics compiled by the Department of Veterans Affairs offer an interesting comparison of the "big leg" amputation cases in the Canadian armed forces during the First and Second Great Wars.

Giving round numbers for comparative purposes, a report available shows there were 2,000 amputation cases resulting from the recent conflict while 3,500 soldiers lost limbs in the First Great War.

In the previous hostilities, Canadian troops were engaged with the enemy from Langemark in the spring of 1915 until Mons was re-entered in November, 1918. Canadian land forces were fighting in North West Europe for approximately 11 months from the "D Day" landing on the Normandy coast, during which period there were 1,200 amputation cases. Many of those wounds were due to anti-personnel land mines.

Ratio figures have also been developed to show relative losses of legs and arms in both wars. In the first war the loss of a leg was two and a half times more frequent than the severing of an arm. In the second war, leg amputations were three and a half times greater than arm losses. This comparison has been taken to mean that relatively more Canadian soldiers stepped on something during the fighting of the Second Great War.

The statistical review follows the recent announcement that 1,930 veteran amputees of the last war had been classed as available for employment or training. Of this total 248 cases were still in hospital at the end of October.

### REAL CO-OPERATION

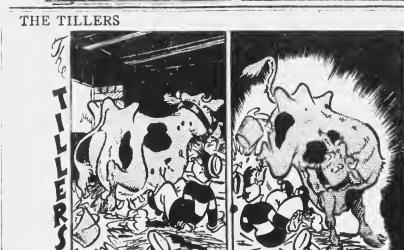

A sample of real municipal co-operation is reported from Montello, Wis., where, to make room for a new washing machine manufacturer, the mayor leased the City Hall, moved out his own office, the city council, fire department and the library.

**FLIES FROM LONDON, GIRL, 15, TO MARRY**—Fifteen-year-old Mary Buttell of Reading, Eng., who flew to the U.S. from London to marry former U.S. Sgt. Paul Sinclair, 22, of Youngstown, Ohio, telephones on arrival at LaGuardia field. She met her fiancé at a dance in England when she was 13 and has her mother's approval for her marriage. The couple will live with Paul's parents until "she becomes accustomed to U.S. ways."

The mechanism of Big Ben, giant London clock, includes a 131-foot pendulum and numerals two feet high.

FOR THAT COLD RUB IN...  
**MINARD'S "KING OF PAIN" LINIMENT**

## COW WINS OVER HORSE IN FIGHT

EAST HAMPTON, Conn.—Farmer Harley Flood told how a horse and a cow battled to the death all by themselves in his barn.

Flood said both animals were tethered when he closed the barn. When he opened it, he said, both were loose and the horse was breathing with difficulty.

Examination showed a puncture wound in the horse's shoulder and there was blood on the cow's horn. It was apparent, he said, that the animals started to fight. It was necessary to destroy the horse, but the cow seemed undamaged.

### MORE OTS ACREAGE

In view of probable feed grain requirements, the Dominion-Provincial Agricultural Conference decided to recommend that the oat acreage for 1947 should be increased to the 1946 recommended level of 14,310,200 acres. Generally speaking, oat production is carried on for the benefit of the domestic market with only a small percentage finding its way into export channels. Prices for Western oats during the present crop year are subject to a floor price of 45 cents and a ceiling of 51 1/2 cents. In addition, all Western oats marketed are eligible for an advance equalization payment of 10 cents per bushel.

### OUTDOOR PLAY BEST

Wise people prefer to play and enjoy themselves outdoors rather than in confined rooms. Health authorities approve recreation and amusement, as necessary relief from work and worry. They particularly endorse outdoor play, when possible.

### SOUND BEAM BOX FOR THE SIGHTLESS

Dr. William Etkin, New York College professor, has reported development by three students of a new device intended to aid the blind in detecting obstacles and estimating distances.

The instrument, developed after two years' research, was described as a "sound beam box" about the size of a flashlight. Etkin said it still was in preliminary stages of development.

The box houses an electronic tube used to send out a directed beam of high-frequency sound. This reflects only obstacles directly in the path of a person and excludes other sound in the area.

The beam thus "hands a bell" on any obstacles in the path of a blind person.

Waste nothing. Famine fighters are recognized by clean plates—empty garbage cans.

OUR COMPLETE  
SHORT STORY—

## "BACK FIRE"

By JOHN DOROGI

Copyright Wheeler Newspaper Syndicate

THE minute the door swung open everyone in the office knew that the Duncans finally had gotten themselves a boy. One Ann cradled a box of cigars and under the other rested five pounds of candy, as Joe with tired eyes but a beaming face proudly announced, "You should see his legs already. Who said there'd be only one All-American in the Duncan family?"

On the two previous occasions Joe's wife had presented him with young Duncans. Each time it had been a girl. And very cute young ladies they were too—aged two and four now—and much loved, but neither could hope to play halfback for Eastern State as dad had.

"Here you are, boys," Joe continued, after shaking hands all around, one to a customer. Better use a toothpick on the last half inch of these 'cause they cost me half a rock apiece. And for the girls—five pounds of the best sweet stuff I could find. Hop to it, and by the way, Bee, 'this to his secretary,' save me a couple of those cigars for Mr. Kramer. He and I have some things to talk over when he gets back this afternoon. And, oh say, where's Tony?"

His eyes held a devilish gleam as from his vest pocket he pulled another cigar, seemingly identical to those in the box only everyone knew it wasn't exactly identical. They all recognized the symptoms of Joe's most obvious failing. Though quite popular with the office force, he

could have commanded greater respect and popularity had he been able to lay off his practical jokes. His big infectious grin and general air of never having quite grown up naturally drew people to him, but even his best friends knew they weren't immune to an occasional hotfoot or a slap on whatever part of the anatomy sunburn had made the most tender. Tony wasn't hard to find, for having heard the news he was hurrying toward Joe with outstretched hand. "Con-grah-ulalush, Meestair Joe," his face beamed his pleasure. "I'ma vera happy to hear you getta whatta you say." Tony was genuinely glad for Joe and he showed it.

That was why the crowd melted away from around the two of them. They all liked the good natured little Italian janitor, who never seemed too busy to chop a wastebasket or perform some mental task that no one else had time to do. A certain amount of sympathy too was mingled with their liking for Tony who had not always been a janitor. In an old country he had been a gardener; here he had developed quite a landscaping business until arthritis and dampness of the earth during the spring and fall had forced him to seek employment indoors.

Tony took the proffered cigar and immediately ruined the situation for Joe by remarking, "Thanka you, Meestair Joe, I'ma hope you don't mind if I'ma smoke heem aftersuppa!" He took a puff and said, "A gooda seggar always tasta best aftersuppa a speghetti and a gooda red wine." Joe was obviously disappointed but knew that insistence on immediate action with the cigar would make a bad situation worse so with a shrug of his shoulders and a muffled "Okay, Tony," he turned and walked away.

Joe mooned around the office for about an hour before admitting that the all-night vigil and nervous tension had worn him down. He needed sleep badly but before he left he instructed Bee to make an appointment with Kramer for the following morning. It would be better that way, he'd be fresh and sharp in the morning and would be able to give the old boy a real argument, if one was necessary, and knowing Kramer he knew there would be an argument.

Joe's thoughts were on the morrow as he wearily drove home. Kramer had resisted his demands for a salary increase for almost a year. Three times he'd talked to him and three times he'd come out more negative, but Joe was not a quitter. He felt he'd learned more about the old man each time and thought he could make him give in tomorrow. He knew a lot depended on the mood he was in and the setting in that respect would be almost perfect. On the way out of the office Bee had told him that Kramer had just returned from a vacation in Florida with a first place trophy he'd won in a golf tournament. Golf fiend that he was, Kramer couldn't help but be in a mellow and expansive state of mind for several days at least.

Mood wasn't all of it though and Joe knew he'd have to give out with good hard facts. He wondered if the advent of his third-born would prove to be lever enough to dislodge Kramer from his previous tenacious position. Hospital and doctor expenses, normal rise in living because of the new baby, insurance and some sort of trust fund to insure a college education for the boy would all be included in his argument when he faced across the highly polished desk into the old man's shrewd and calculating eyes. Joe's brain buzzed from both weariness and effort as he tried to fit the pieces into a logical pattern. He was almost certain that he could swing the deal but his knowledge of Kramer's attitude in the past continued to worry him. His ace in the hole was Kramer's happy frame of mind. Experience had proved that in a black mood Kramer was impregnable. Joe was glad there were such things as business men's golf tournaments.

Joe dressed carefully that morning, his mind busily rehearsing his speech. He shined the backs of his shoes as

## On the Road

There is a large army of outdoor men who have learned to depend on Dr. Chase's Kidney-Liver Pills. Riding on trains or trucks causes a jarring which is hard on the kidneys as is also the exposure to all kinds of wind and weather.

This medicine goes to stimulate the action of the kidneys and relieve the backaches which so often result.

For over half a century they have been popular with railway men, truckers and farmers.

Dr. Chase's  
Kidney-Liver Pills

well as the fronts, put on a freshly cleaned gray suit and tied a Windsor knot into a new gray green tie; more green than gray for somewhere he'd read that green was restful and relaxing to the eye. That's the way he wanted Kramer, calm and relaxed.

In the hall outside the office he almost ran over Tony, broom in one hand, dust pan in the other. The memory of yesterday afternoon returned as he stopped and said with a slightly sheepish grin, "Good morning, Tony. How was the cigar?" It was Tony's turn to look sheepish and as he squirmed and shifted from one foot to the other, Joe felt a slight pang of remorse for his seeming embarrassment, although he couldn't deny he somehow enjoyed it.

Tony spoke, "Well, I'ma tella you, Joe, I'ma no canna tell if sheesa gooda seggar or not." Joe's grin grew wider. He should have pushed the load in farther; let Tony get a little enjoyment of the cigar at least.

"You see," Tony continued "sheesa like dis. Lasta night da bigga boss heesa calla me imma ofuse and aska me to do som' landscape work for heem. You know—'but on' imma couple bush. Heesa seen my seggar and I'ma tella heem you have new lambino. Heesa say he no getta no seggar so I'ma giva heem mine. I'ma hope you don't mind."

THOUSANDS READY TO  
SETTLE IN CANADA

LONDON.—The Evening Standard said that if the Canadian government responds its immigration offices in Liverpool, Glasgow and Belfast there will be a flood of applications.

The newspaper added that in Liverpool alone shipping companies have a waiting list of 100,000 waiting to go to Canada.

The story, which was featured prominently on the front page, said an average of 100 persons a day made inquiries about Canadian immigration in London and 5,000 were awaiting shipping in Ulster.

Saskatchewan Birds  
Facing Starvation

WEYBURN, Sask.—Game birds in this south-central Saskatchewan district are facing starvation due to a heavy crust atop deep snows, reports reaching here said. Birds are unable to dig through to ground food.

One district farmer said he was able to pick up a starving pheasant and others reported that the usually wary birds including prairie chickens and Hungarian partridge were coming straight into farmers' yards looking for food.

Herb Comstock, game warden, said the Department of Natural Resources has authorized purchase of grain to feed the birds.

Ventriquism is thought to have been practiced by the Jews during their captivity in Egypt, when a mystic voice was heard during the worship of Osiris.

To Feel Right — Eat Right!

"SALADA"  
TEA  
Outstanding  
QualityMiraculous Cure Of  
Incurable Disease

VERONA, Italy.—Villagers of Verona's tiny suburb of San Pietro in Legnaro reported the miraculous cure of 18-year-old Anna Modenese who had suffered from a goitre and neck tumor which was considered incurable.

The young woman's recovery was said to have followed her new year's dream in which she said she saw an apparition of St. Teresa.

The Saint appeared in her dream, the girl said, carrying a baby completely dressed in green and promised to cure the girl if her father "would swear no longer."

When she awakened the girl called her family to her bedside and neighbors said the cure began almost immediately.

Today she was reported completely cured, and physicians said the incident was "outside the bounds of science."

## FOR LEISURE HOURS

There is nothing like an absorbing interest to pass hours of leisure, so healthful authorities suggest hobbies for killing in the long winter evenings. Illness, say national health men at Ottawa, breeds boredom, an unhappy and unhealthy state.

In Africa, Arab and Negro "sportsmen" once shot down, netted, decoyed, speared, bought or kidnapped Negroes for the slave trade.

How to Combat  
RHEUMATIC PAIN

Rheumatic pains may often be caused by excess uric acid, a blood impurity that should be extracted by the kidneys. If kidneys fail, and excess uric acid remains, it may cause severe discomfort and pain. Treat rheumatic pains by keeping your kidneys in good condition. Get and use Dad's Kidney Pills. Dad's help your kidneys get rid of trouble-making poisons and excess acids—help you feel better. See what Dad's can do for you. 137

## ... "And Then There Were None"

Harold was just an old sheep-counter. Every night, before he got to sleep, he counted thousands of sheep...

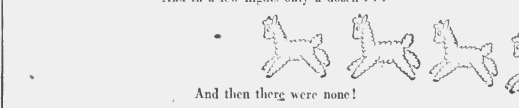

Then one day an Experienced Friend suggested maybe it was the caffeine in the Tea and Coffee he drank that kept the sheep jumping over the fence...

So Harold STOPPED tea and coffee, and changed to POSTUM...

And right away he only got a few hundred sheep over the fence before sleep overcame him...

And in a few nights only a dozen...

And then there were none!

Many people can safely drink tea and coffee. But others are upset by the caffeine these beverages contain. If you find yourself sleepless, nervous, irritable—try changing to Postum. You'll like its rich, heart-warming flavor. Not like tea, not like coffee, just a grand flavor all its own.

Easy to fix—make Postum right in the cup just by adding boiling water or hot milk. Costs less than 1¢ a serving.

Postum

Mrs. Wes. Vincent planned on leaving this week for her new home at Redcliff, near Medicine Hat. Enroute to her new home she will visit her sister, Mrs. Fred Reddington, at Lethbridge.

Mr. Joe Emmerson slipped on the ice on the school sidewalk last week, falling heavily to the ground and badly bruising his shoulder in addition to breaking his glasses.

Mrs. R. Gillies and daughter, Mrs. Neil Fleming jr., were joint hostesses at bridge at the latter's home on Friday evening. Honors were won by Mrs. R. Parry and Mrs. A. Balloch.

## In Memoriam

TOPPANO—In Loving Memory of our dear Inez, who passed away Jan. 19, 1943.

I cannot say and will not say That she is dead—she is just away!

With a cheery smile and a wave of the hand

She wandered into an unknown land

And left us dreaming, how very fair

It needs must be, since she lingers there.

Think of her faring on, as dear in the Love of There

As the Love of Here,

Think of her still as the same,

I say

She is not dead—she is just away.

Sadly missed by Angelo, Mary, Norma, Mother and Dad, sisters and brother.
